7. I always use a spanner to loosen the nuts. (use....should...)
8. The president declared the closure of all schools. Corona virus broke out in our country. (use..... immediately...)

COMPREHENSION

9. Below is part of the story got from the novel with a title MANGOES AT THE CEMETERY by Ruth.M.Mwayi.

Ssali and Miti were brothers. Ssali was 10 years old. He was 1 year older than Miti. They lived with their father and mother in the village called Sseeta. They went to Bbaja Primary school in another village, far from their home. (P.5)

One day, the two brothers were coming home from school. They loitered and played freely as they walked along. They were in no hurry to get home. It was late in the afternoon. They had their school bags hanging on their shoulders. Ssali and Miti looked untidy, carefully and ready for mischief!

On their way, Miti and Ssali had to go past a cemetery. The cemetery had a hedge around it. The boys had always seen a mango tree with ripe mangoes looking golden and juicy. The boys were tempted to pick the mangoes before going home. Ssali climbed up and started shaking the branches. Many ripe mangoes fell down and Miti collected them as they fell.

THE STORY CONTINUES....

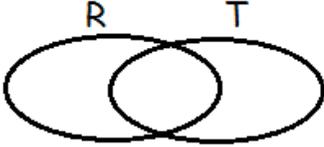

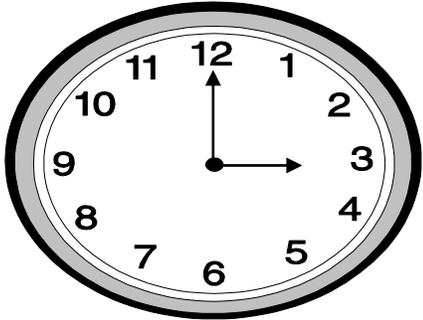

Questions

- a) What is the title of the novel?
- b) According to the story, when did the boys get the mangoes?
- c) Why did the boys loiter and played as they walked home?
- d) Give the meaning of;
 - i) hedge
 - ii) loiter
- e) How many boys are in the story?
- f) Who wrote the story according to the novel?
- g) In which school are the boys?

MATHEMATICS

Time allowed: 2hours 30minutes

SECTION A

<p>1. Add:</p> $\begin{array}{r} 245 \\ + 72 \\ \hline \end{array}$	<p>2. Shade set T.</p> 
<p>3. Work out:</p> $\frac{7}{9} - \frac{5}{9}$	<p>4. Find the next number in the sequence: 2, 4, 6, 8, _____, _____</p>
<p>5. Given that set A = {3, 5, 7, 9} Find $n(A)$</p>	<p>6. Divide 48 books among 4 boys.</p>
<p>7. What is the place value of 5 in 3,567?</p>	<p>8. Write XXV in Hindu Arabic.</p>
<p>9. Find: <input style="width: 40px; height: 20px;" type="text"/> + 5 = 9</p>	<p>10. Name the shape below.</p> 
<p>11. Change 5 metres to centimeters.</p>	<p>12. Multiply:</p> $\begin{array}{r} 222 \\ \times 4 \\ \hline \end{array}$
<p>13. If  = 5 trees, how many trees are in ?</p> 	<p>14. Given that A = {2, 2, 3, 4, 5} B = {4, 6, 7, 8}, find $A \cap B$</p>
<p>15. Simplify $2b + 3b$</p>	<p>16. Shade $\frac{2}{3}$ in the diagram below.</p> 
<p>17. What is the time from the clock face?</p> 	
<p>18. Expand 7,468.</p>	<p>19. How many triangles can you see from</p>

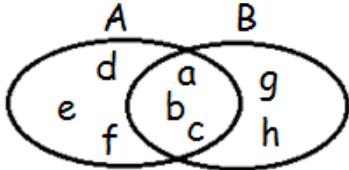

this diagram?

20. The costs of one book is shs.500. Find the cost of 4 similar books.

SECTION B (60 MARKS)

21. Use the Venn diagram below to answer the questions that follow.

Find: i) $A \cap B$

(2mks)

ii) $A \cup B$

(2mks)

iii) $B - A$

(1mk)

22. (a) Add:

(2mks)

$$\begin{array}{r} 7245 \\ + 353 \\ \hline \end{array}$$

b) Subtract:

(2mks)

$$\begin{array}{r} 7986 \\ - 426 \\ \hline \end{array}$$

c) Multiply:

(2mks)

$$\begin{array}{r} 333 \\ \times 3 \\ \hline \end{array}$$

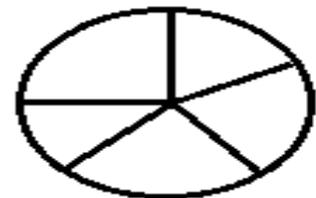

23(a) Ann had $\frac{3}{5}$ of guava, she ate $\frac{2}{5}$ of it. What fraction of guava remained?

(2mks)

b) Add: $\frac{3}{8} + \frac{2}{8}$

(2mks)

c) Shade $\frac{2}{5}$

24. Below is a price list. Use it to answer questions that follow.

- A book costs sh.500
- A pen costs sh.400
- A pencil costs sh.200

a) How much will John pay for a book and a pen?

(2mks)

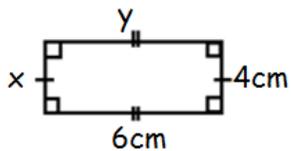

b) If John had shs.1,000 and bought a pencil, how much change did he get? (2mks)

c) Find the total cost of all the three items.

(2mks)

25. Draw the following shapes. (1mk each)		
A cone	Square	A kite
		Cuboid

26. Use the figure below to answer questions that follows:

a) Find the values of:

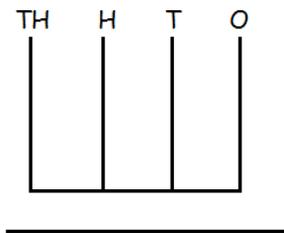

i) Y (1mk)	ii) X (1mk)
b) Find the perimeter of the figure above. (2mks)	c) Calculate the area. (2mks)

27. Work out the unknowns.

a) $\square + 7 = 10$ (2mks)	b) $\square - 6 = 8$ (2mks)
c) $5y - 2y$ (1mk)	d) $b + b + 2b$ (1mk)

28(a) Write 5,874 in words. (2mks)	b) What number has been expanded to give $6000 + 300 + 60 + 4$? (2mks)
------------------------------------	---

c) Show 2,435 on the abacus.

(1mk)

29. Given the digits 3, 5, 4, and 9.

a) Form the smallest 4 digits numerals. (1mk)	b) Form the largest 4 digits numerals. (1mk)
c) Find the sum of the smallest and the largest numerals formed. (2mks)	

30. Fill in +, ÷, x or - to complete correctly. (1mk each)

a) $5 \underline{\quad} 2 = 10$	b) $9 \underline{\quad} 3 = 3$
c) $12 \underline{\quad} 8 = 4$	d) $7 \underline{\quad} 8 = 15$

31. Malakwang is 9 years old. Molokony is 6 years old.

a) Who is older? (2mks) | b) Find their total age. (2mks)

32. The table below shows the number of litres of milk sold by a farmer in a week.

DAYS	Monday	Tuesday	Wednesday	Thursday	Friday
NUMBER OF LITRES	90	50	65	90	75

a) How many litres of milk were collected on Wednesday? (1mk)

b) On which two days were the same amount of milk sold? (1mk)

c) Find the total amount of milk sold on Tuesday and Friday. (2mks)

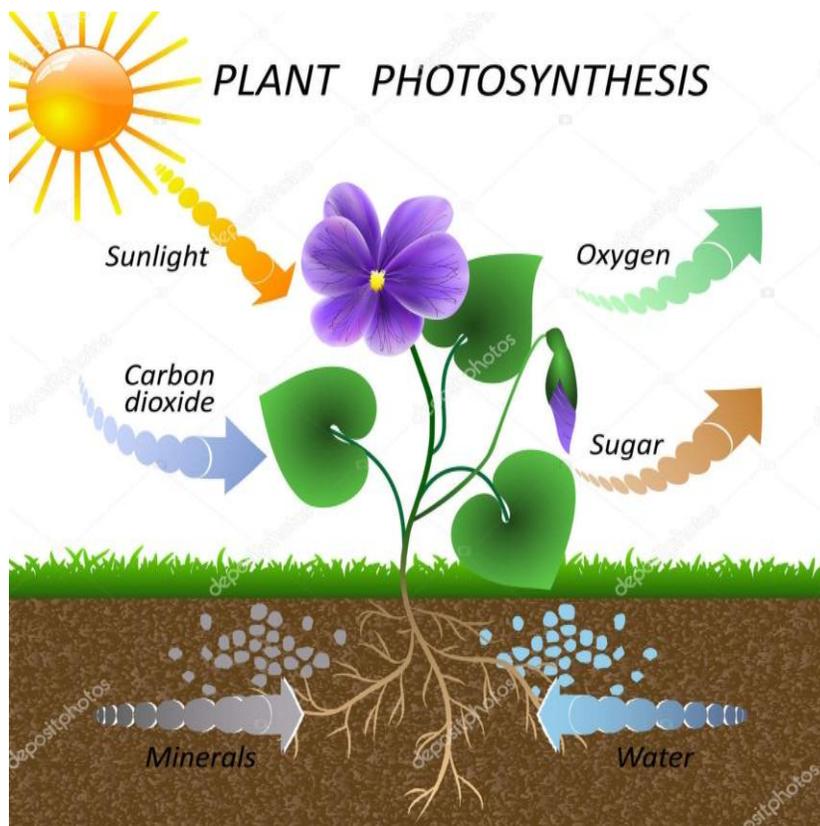

d) On which day was the least number of litres sold? (1mk)

DAY AND BOARDING

PRIMARY FIVE SET I

SCIENCE

REVISION WORK

SCIENCE

Time allowed: 2hours 30minutes

1. What is poultry?
2. Name one type of poultry
3. Mention one function of stem to a plant
4. Give one example of a non flowering plant
5. Write down any one type of leaf venation
6. How are leaves important to a plant?
7. Why do some plants climb others?
8. What is photosynthesis?
9. How is Chlorophyll important during photosynthesis?
10. In the space below, draw a simple leaf
11. Give one example of a crop grown in a nursery bed
12. Write down one group of crops grown in your area
13. Give two examples of cereal crops
14. How is a granary important on a crop farm?
15. What are annually crops?
16. Write down any one annual crop
17. Name the cloud that provides rain to a farmer
18. Why is it important to keep garden tools in a cool and dry place?
19. What is weather?
20. Name any one type of weather
21. How is a trowel useful to a farmer?
22. Which weather instrument measures the speed of wind?
23. In the space below draw a weather instrument used to measure the strength of wind.
24. What is personal hygiene?

25. Suggest any one reason why it is important to promote personal hygiene.
26. How do we call the general cleanliness of the environment?
27. State any one reason of promoting sanitation at home
28. How do we call the rearing of bees?
29. Give any one bee product
30. Why should farmers keep bees?
31. Name any one poultry disease
32. Mention any one system of rearing chicken
33. Write down any one type of a bee found in a bee hive
34. What is importance of honey to man in terms of food values?
35. What is volume?
36. Which method is used to find the volume of irregular objects?
37. In which units is volume measured?
38. Calculate the volume of a cuboid with length 5cm, width 2cm, height 3cm.
39. Name the instrument used to measure weight
40. Write down one floating object

SECTION B

- 41
 - a) What is food?
 - b) Name any two classes of food
 - c) State one reason that may lead to kwashiorkor
- 42
 - a) Name two human body organs
 - b) Which is the biggest sense organ for feeling in human beings?
 - c) Give one internal organ for removing wastes from the body
- 43
 - a) Name the first set of teeth that grows in babies

- b) How many teeth should an adult person have?
 - c) In the space below, draw an incisor and a canine teeth
- 44
- a) Why do objects sink in water?
 - b) Mention any two objects that sink in water
 - c) Name any one floating object
- 45
- a) What are germs?
 - b) List any two germs that cause diseases to man
- 46
- a) What is sanitation?
 - b) Write down any two materials used in promoting sanitation
- 47
- a) What are communicable diseases?
 - b) Give any two intestinal worms that affects human beings
 - c) How do tape worms enter the human body?
- 48
- a) In the space below, draw the female part of a flower and name the stigma, style, ovary and the ovules.
- 49
- a) What are vectors?
 - b) Name any one disease vector
 - c) How are house flies dangerous to man?
 - d) How can house flies be controlled?
- 50
- a) What is a fracture?
 - b) Write down one type of fractures
 - c) State two reasons why first aid should be given
- 51
- a) How do we call rearing of rabbits?
 - b) Name one exotic breed of rabbits
 - c) Which disease affects poultry, rabbits and man? (P.5)
 - d) Why do farmers keep rabbits?
- 52
- a) State one difference between poultry and poultry keeping

- b) How is a spur important to a cock?
 - c) Give one reason why debeaking is important in poultry rearing
 - d) How are feathers important to a bird?
- 53
- a) What is the best type of soil used for making pots?
 - b) Give any two components of soil
 - c) Why is loam soil good for crop growing?
- 54
- a) What is germination?
 - b) Name two types of germination
 - c) In the space below, draw a diagram showing epigeal germination
- 55
- a) List two type of bee hives
 - b) Suggest one advantage of traditional bee hives
 - c) State any two disadvantages of modern bee hives.

NJOVU JUNIOR SCHOOL – WAMALA
DAYCARE, NURSERY & PRIMARY
DAY AND BOARDING

PRIMARY FIVE SET I
SOCIAL STUDIES
REVISION WORK

SOCIAL STUDIES

Time allowed: 2hours 30minutes

1. Name any one means of water transport
2. Give any one reason why people should work
3. Mention any one relief feature in Uganda
4. Write any one example of fish caught in Uganda
5. Name the physical feature represented below

6. Mention any one local raw material used for making mats
7. State one way people can guard themselves against sunny weather
8. Give any one tribe in western Uganda
9. What is the role of a shop keeper in a community?
10. State the reason why Uganda is called a land locked country
11. Write any one social activity which unites people in our community
12. Which social service is provided by the police post?
13. Give any one method people use in making crafts
14. State any one danger school children face on their way to and from school
15. Give any one way of locating district on a map
16. Name any one product a farmer gets from bee keeping at home
17. What is a home stead?
18. Mention any one thing used by cooks found in a kitchen
19. Write CAO in full
20. State any one way of protecting vegetation in our environment
21. Name any one group of people who use a compass in their daily work
22. Mention any one activity done by children at home
23. Give one effect of deforestation
24. Name any one product got from timber
25. State any one duty of Uganda police in our community
26. Name one type of a family
27. Mention any one use of wind to people

28. What do you understand by the term migration?
29. State any one duty of parents at home
30. Name the largest natural forest in Uganda
31. What term is given to a representation of an object drawn as seen from above?
32. What is the capital city of the country that neighbours Uganda to the South East
33. State any one way of keeping home clean
34. Give any one group of people who need a lot of help in our community
35. Write any one problem caused by too much sunshine in our community
36. Give any one importance of domestic animals
37. Mention any one example of children's rights
38. State any one use of rivers to people
39. Name any one product got from clay
40. Write any one activity done by farmers in dry season

SECTION B

- 41 a) What are physical features?
 - b) Give the meaning of these symbols on the map

 - c) Draw a symbol of a plateau in the space below
- 42
 - a) Name any groups of people who promote security in our community
 - b) Mention any tool used by the security organs to keep security
 - c) State any one importance of security in our community
- 43
 - a) What are social services?
 - b) Give any two examples of social services in our community
- 44
 - a) Mention any two examples of public holidays in Uganda
 - b) State any two importance of holidays to people
- 45
 - a) Match items in list A correctly to list B

A**B**

Title

shows the actual distance between places on the map

Key

shows direction of places on the map

Compass direction

tells what the map is all about

Scale

interprets symbols on a map

- 46 a) State any two problems faced by people who live in hilly areas
b) Mention possible solutions to each of the problems in (a) above
- 47 a) Give any two examples of domestic animals used for transport in Uganda
b) Give any two uses of transport to people
- 48 a) What name is given to the line of longitude marked 0° ?
b) Mention any one lake in Uganda crossed by latitude 0° ?
c) Give any two importance of latitudes 0°
- 49 a) What is culture?
b) Mention any two values of culture to people
c) State any one way of promoting culture at school
- 50 a) Write any two type of leaders in our community
b) Give any one quality of a good leader
c) State any one importance of leaders in our community
- 51 a) Draw these road signs
i) Round about ii) Humps a head
b) Give any one importance of road signs to road users
c) Why are road accidents common in Uganda today?
- 52 a) Mention two types of vegetation
b) State two uses of vegetation to people
- 53 a) What are wild animals?
b) Write any one way the government takes care of wild animals
c) Give any two importance of wild animals to people

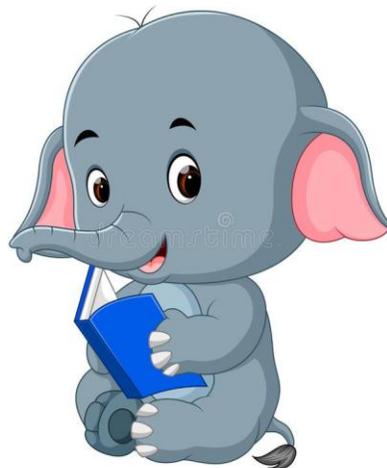

54 a) **Complete the table below correctly**

Social service providers	Social service
doctors	_____
_____	education services
Police men	_____
_____	Communication service

55 a) Name any two basic needs to people

b) State any two challenges facing people in getting basic needs
