# About Company

Sharebility Uganda Limited was founded with a vision of transforming the digital landscape of the education system of Uganda by making e-learning resources easily accessible and beneficial to everyone. Founded in 2010 and incorporated in 2020 by a team of teachers and ICT professionals, the company expanded its services to include online and offline digital libraries, e-learning, website services, software, training & user support.

Bridging the digital divide remains at the heart of Sharebility Limited. We believe that empowering our clients with the knowledge they need unlocks opportunities and helps them achieve their goals.

# Welcome Message

Dear valued reader, Welcome to the Sharebility Uganda Company Profile!

We are excited to share with you our mission, vision, and the innovative work we are doing to transform the education sector in Uganda. At Sharebility Uganda, we are dedicated to providing digital educational resources and services to empower teachers and students in their learning journey.

I am proud of the strides we have made in creating a collaborative and supportive environment for educators, learners, and the general public. Our flagship products and services, including the Online and Offline Digital Libraries, Sharebility Web Services, Software and trainings, are designed to unite technology and knowledge for all.

Since 2010 when the 'sharebility' initiative started, we are committed to the universal right to quality education (SDG 4) and continue to grow and improve our digital libraries and services. Our efforts have been recognized through nominations for awards, such as the Startup Uganda Awards 2021 under the Education Category. We encourage you to explore our website, learn more about our initiatives, and join us in our mission to shape the future of education.

Together, we can create a world where collaboration is at the heart of the education system, bridging gaps and connecting learners and educators through technology. We look forward to your continued support and engagement as we work towards a brighter future for education in Uganda.

Have to Give!

**Rogers Mukalele**

*Director*

# Vision & Mission

## Vision

We envision a world where collaboration is at the heart of the education system, with technology bridging gaps and connecting learners and educators.

## Mission

To deliver innovative digital solutions and promote the sharing of resources to shape the future of education through uniting technology and knowledge for all.

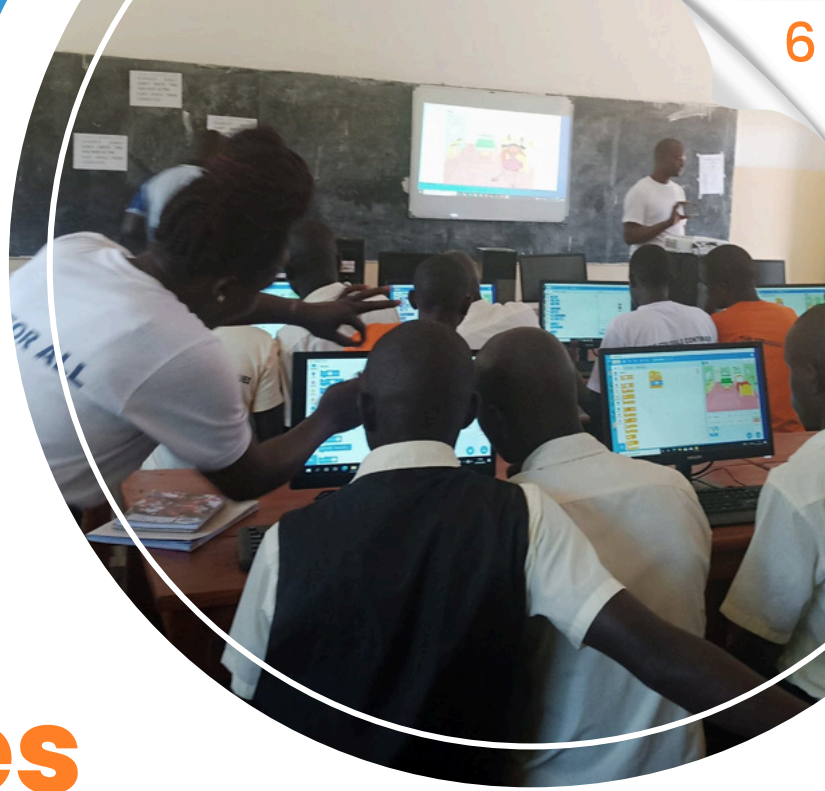

## Core Values

- Sharing
- Innovation
- Quality
- Integrity
- Efficiency

## Motto: Have to Give

***We believe in sharing (giving) the resources that we have in order to build a more empowered society. But first is to acquire - you cant give what you dont have!***

***Ephesians 4:28: "Let him that stole steal no more: but rather let him labour, working with his hands the thing which is good, that he may **have to give** to him that needeth."***

## Our Objectives

- 01** Promote easy access to high-quality educational materials by building and maintaining comprehensive online and offline **digital libraries**.
- 02** Provide cutting-edge education technology support services and comprehensive **training** programs to empower teachers, students, and the general public.
- 03** Cultivate a **collaborative culture** by partnering with teacher networks and other organizations, emphasizing the importance of sharing knowledge and resources.
- 04** Actively work to bridge educational gaps by developing and providing user-centric tools and services such as **software and websites** that cater for diverse needs.
- 05** **Innovate** continuously and adapt to the evolving educational landscape, ensuring our digital solutions meet current and future demands while fostering lifelong learning opportunities.

# Our Projects

Shareability Uganda digital library has supported over 6 million learners, home schooling parents and teachers, with free and premium study resources for all classes over the past 3 years.
